Executive for Inspection and Security

27 July 1948

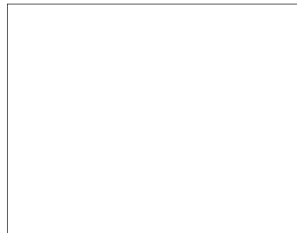

Attn:

Chief, FBIB

25X1

Movement of FBIB Editors in Pools to the FBIB Pool at Briggs School Building

1. In accordance with our telephone conversation, listed below are the names and grades of the personnel employed by FBIB and working in pools at other locations whom it is desired to transfer to the FBIB pool in the basement of the Briggs School Building as early as possible:

CAP-7
CAP-7
CAP-7
CAP-7
CAP-8
CAP-8
CAP-5

25X1

2. Material on which these personnel would work would not be classified. The material would be taken to the basement to these personnel by couriers who have been completely cleared.

3. It is believed that with a short period of training these editors could be of great assistance to FBIB. In any case they could undergo the necessary training which they will of necessity have to have after they are cleared and actually on duty in FBIB unless this arrangement is approved.

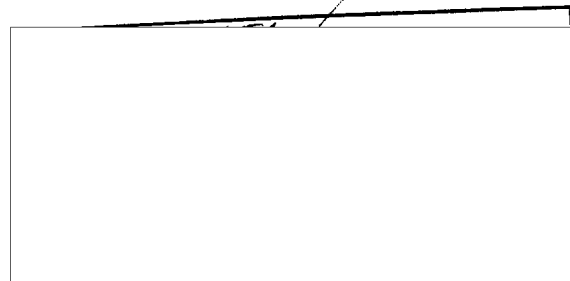

4. It is requested that these personnel be transferred to the Briggs School Building at the earliest practicable date.

L. K. WHITE

This document part of classified integrated file. NAME CHECK required prior to individual classification action.
